# Coliseum™

Carved Granite Wall 52"

Pool Warranty  
Limited Lifetime Warranty

## STRUCTURE

- All-aluminum construction, including corrugated wall
- Slip-resistant finish on coping
- Extruded aluminum top and bottom clips
- Painted aluminum bottom track
- Stainless steel fasteners
- Elegant grey provides a stately look
- Massive roman column style for uprights

## WALL CLOSURE BARS

- Corrugated aluminum walls held fast by extruded aluminum alloy
- Designed for maximum resistance to pressure
- Cutting-edge engineering using leading materials

## DELTA 3000 SUPPORT SYSTEM

- Oval pools only
- Incorporates aluminum tie bars and a water plate
- Provides exceptional structural integrity for oval pools
- Eliminates need for unsightly side struts
- Engineered to ensure maximum swimming area for minimal space

## PATENTED LINER RECEIVER

- Holds pool liner snug to prevent slippage, damage
- Integral part of leading-edge pool design
- Ensures long liner life and easy maintenance

## Solid Decisions

### Why Choose Aluminum?

Nothing delivers value like extruded aluminum. And nobody delivers great aluminum pools like Premier Aluminum Pools! Here are a few reasons why aluminum is your best investment for long-term enjoyment:

**Corrosion resistance.** Aluminum's very atomic structure makes it resistant to rust and corrosion, which means it can stand up to soil, minerals, moisture and chemicals.

**Total reliability.** There's a reason that aluminum is the material of choice for the airline, automotive and construction industries. Fighter jets, skyscrapers, scaffolding and bridges – aluminum is the material people trust with their lives.

**Incredible strength.** Pound for pound, aluminum is twice as strong as steel, and even stronger compared to resin. When it comes to retaining the pressure of thousands of pounds of water, aluminum is always up to the challenge.

## Generations of Fun

The Wilbar Group has been providing families with endless summer fun for over 50 years. When it comes to aboveground pool expertise, we can't be beat! Trust the Wilbar Group to supply you with an aluminum pool that exceeds your expectations and delivers great summers with the quality, expertise and service you deserve!

## WATER SAFETY

The purchase of an aboveground pool provides years of pleasure and fun, but it also involves water safety. Although we cannot supply a full-time lifeguard, we strongly recommend that you implement the following safety rules. These will help provide a pleasant atmosphere for you and your family.

- NEVER jump or dive in an aboveground pool.
- Maintain constant adult supervision when children are in or near any body of water.
- Read all of the safety, installation, and maintenance information contained in the instruction manual and Water Safety brochure before you start installing your pool.

- Ask your city about any specific rules and regulations that apply to aboveground pools.
- Follow the instruction manual and maintenance instructions.
- Never remove applied or posted safety stickers or signs from your pool or pool area.
- Barriers to prevent unsupervised access especially by young children, should be built, installed and checked on a regular basis to ensure they are in good working order.
- Inspect your pool, barriers, alarms, and other related equipment on a regular basis in order to ensure they are in good working order and that they are safe.

The installation, maintenance and safety manual contains detailed tips and recommendations. They must be read, followed and applied on a regular basis, as they will prevent unnecessary accidents and will ensure many summers of pleasant, safe family fun.

**SWIM SAFELY AND STAY SAFE.**  
Manufactured by Wilbar International, 50 Cabot Court, Hauppauge, NY 11788. The dimensions, weights, illustrations and other specifications are approximate. The company reserves the right to modify and/or discontinue without notification any feature in any pool model.
